TOWER UNIT PACK

DRAWER PACK

RECOMMENDED:

- TOOLS: Screwdriver
- TWO PERSON BUILD

We recommend you use the wall mounting brackets provided to fix the Tower Unit to a wall (where possible). This will prevent the unit being pulled over. Use suitable fixings.

MAKING THE DRAWERS

10 (Repeat on all drawer sides).

11 (Repeat on all drawer fronts).

12 1 – Lay drawer side (I) on a flat surface, insert the base (K) into the groove then hold the back panel (M) in place.

2 – Place the other drawer side (J) over the base and fasten the back panel (M).

3 – Turn the drawer around and add the drawer front (L). (Repeat on all drawers).

Pull the sliding part of the lower drawer runners out first and hold in place.

1 - Pull the sliding part of the lower drawer runners out (F) and sit the drawer on top. Whilst holding the runners in place, slide the drawer back until the drawer clicks into place.

13

Drawer shown from underneath.

Locking button

Turn to adjust height

2 - Use the locking button to secure the drawer. Repeat for all drawers. To remove a drawer, reverse the operation.

14 Use two people to stand up right.

WALL MOUNTING BRACKETS

We recommend you use the Wall Mounting Brackets provided to fix the Tower Unit to a wall (where possible). This will prevent the unit being pulled over. Use suitable fixings.

USE SUITABLE WALL FIXINGS

3 x2

15 Fix the wall mounting bracket to both sides of the Tower Unit. (Use suitable fixings when attaching to the wall).
